

Transform Your School

Creative Resources for Primary School Spaces

Adaptable and engaging solutions that can be tailored to meet your requirements.

The Zones of Regulation Display

A tool designed to enhance self-awareness and develop social and emotional skills.

The large updatable board measures 140 cm wide by 83.5 cm high. It features a dry-wipe laminate surface, allowing you to write on it repeatedly using dry-erase markers and easily wipe off the markings. This ensures long-lasting functionality and maintains a professional appearance over time.

Most displays totally flexible in both size and materials to fit any environment, internal or external.

Packs of 10 at A3 or A2 size available.

Updatable Board - with a space to write on

We can customise the artwork to create bespoke versions tailored to your school's needs – whether that's incorporating your logo and motto, developing a version specifically for secondary pupils, or integrating practical features such as magnetic areas.
