

Transforming School Spaces

Working with your school to create inspiring environments using values iconography

Case Studies

Christ Church Primary

Value iconography was creatively deconstructed to form a striking hall window display, produced using triple-printed gloss vinyl with precision cut-away detailing.

City of Birmingham Schools (COB) PRU

A hardwearing Growth Mindset DiBond corridor display was installed to reinforce the school's values and inspire pupils to make positive choices for their future.

Warstone Primary

A robust DiBond values display was installed on the bike shed, extending the school's ethos into external areas.

Alderbrook Secondary and Sixth Form

Hardwearing, profile-cut values boards were installed throughout a corridor, delivering a consistent and impactful visual identity.

Abbey CofE Infants

A modern acrylic values plaque display was produced with updatable snap frames, enabling the school to celebrate pupils through interchangeable photo content.

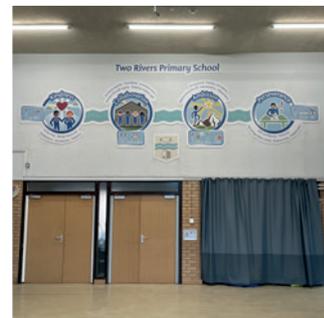

St James CE Primary

The school's values were cut from frosted vinyl and applied to internal classroom windows, reducing distraction while reinforcing key messages.

Two Rivers Special Primary School

A bespoke hall values display was created using Widgeit symbols, printed on Foamex boards and finished with profile-cut shapes for visual clarity.

The Primary School of St. Mary & St. Martin

External signage was designed and installed to clearly promote the school's values to visitors and the wider community.

Crestwood Secondary School

A full-height reception wall vinyl wrap was installed, boldly showcasing the school's values, vision, and mission on arrival.

St Thomas CE Primary

An updatable external notice board was installed, combining school branding, values, and a Bible verse in a clear and engaging format.

Alveston Primary

A values and vision display was created with updatable poster pockets, allowing pupil work to be showcased weekly through the 'Value of the Week'.

St. Wulstan's Primary School

A faith and values display was printed onto contravision vinyl, delivering strong visual messaging while providing privacy to office windows.

Two Rivers Special High School

Profile-cut DiBond values boards were installed along a main corridor, creating a durable and visually engaging learning environment.

Felix Primary

A welcoming reception display was produced using wall vinyl, shape-cut 3D elements, and updatable frames, incorporating values plaques, the school motto, and class icons.

Dovecotes Primary

A vibrant school values display was triple-printed onto vinyl and installed on an internal window to maximise colour impact and durability.

The Ridge Primary

A full wall vinyl was installed along a staircase, complemented by acrylic updatable values plaques to celebrate and showcase pupil work.
